

SwissText 2016

8.6.2016
in Zurich

1st Swiss Text Analytics Conference

SwissText is a one-day conference on automatic text analytics, which takes place June 8, 2016 in Zurich. We invite practitioners, analysts, end users, software vendors, researchers and data scientists to join SwissText and share their expertise and experience with the audience.

SwissText will bring together practitioners and researchers, to give an overview of existing solutions and technologies, and to come up with ideas for new and innovative projects using automatic text understanding. Topics of interest include, but are not limited to:

- Evaluation of Social Media
- Semantic Analysis
- Named Entity Recognition
- Applications of Word Embeddings
- Machine Translation
- Text Summarization
- Text Generation

Important Dates

04.04.2016 Submission Deadline
15.05.2016 End of Registration
08.06.2016 Conference

Presentations: The conference will see three types of presentations: **Surveys** will give a broad overview of state-of-the-art technologies and solutions in text understanding; **Showcases** will present successful projects; and **Open Problem Presentations**, where practitioners from the industry present “their” open problem.

Venue: SwissText will be held at ZHAW Campus Lagerstrasse in Zurich. The venue is located in the heart of the city, a 2 minutes’ walk from Zurich main railway station and 10 minutes from the beautiful lake.
